

Project Update

We've met with 14 families so far. The speech bubbles show the sort of things you've told us. We've arranged some meetings for parents and carers. See the pink box below.

We've been to visit some interesting organisations outside Monmouthshire:

[Vision 21, Cardiff](#)

- a charity which offers vocational training

[Martha Trust, Hereford](#)

- a charity which provides lifelong and respite care

[MiEnterprise, Leominster](#)

- a company which helps people run their own businesses

We've set up a trial website to see if this is useful:

<http://montcp.weebly.com/>

My son needs to get to college by bus next year. That's a big step for him.

My daughter will need somewhere to live with the right support. She'll also need help to get into work.

Meeting dates for parents & carers

10am on Monday 22 April
Angel Hotel, Brecon Suite
15 Cross Street
Abergavenny, NP7 5EN

10am on Friday 26 April
Platform Arts Centre (Therapy Den)
31 Maryport St
Usk, NP15 1AE

Please come along to meet us and tell us what you think the priorities of the Transition Cooperative should be.

My daughter finishes college soon. What will she do after that?

My son needs 24 hour care, and I need a break sometimes. I think we need some more options in Monmouthshire.

We think the priorities of the Transition Cooperative Project should be.....
(We'll be able to tell you the answer after these meetings)
